

Your Sweet Escape

Introducing USB Food

USB Food was established in 2025 under the umbrella of United Super Brands as a young and dynamic food brand. The United Super Brands family serves a wide range of markets through its brands: **Dutch Sweets Company, Alba Food Amsterdam, Alba Food Trading, Dutcheys, and USB Food.**

Backed by our founder's 25 years of experience in the European food market, USB Food is built on a strong foundation. This deep-rooted expertise has instilled in our brand a commitment to quality, trust, and sustainability, while our innovative approach enables us to meet the expectations of today's modern consumers.

Currently, USB Food primarily serves the Middle East (GCC) market, confidently delivering high-quality food products tailored to the region's needs. Our goal is not only to provide products but also to build trust, flavor, and long-term partnerships with our customers.

Having achieved rapid growth in a short period of time, USB Food continues to move forward with confidence—combining experience and innovation to become a lasting brand in the global market.
